FLINTLOCK TAVERN

Hugh Jameson of Ireland came to America with his family on the sloop, "Molly". In 1753 he built the original homestead in Dunbarton (then Starks-town). It was originally a low one story building. A hundred years ago the house was enlarged. This house was used for a tavern.

Kenneth Roberts, the author of "*Northwest Passage*", mentions **Flintlock Tavern** in Dunbarton (page 62) as a place where Hunk Marriner and Langdon, Towne stopped on their way from Portsmouth to Fort Number Four on the Connecticut River. Here they met Sergeant McNott, one of Roger's Rangers who was sent to Dunbarton to collect rents for Major Rogers.

REPORT OF LIBRARY TRUSTEES

The trustees named below who were elected and Virginia Spofford who was appointed in November, feel the stage is now set for a good year ahead. You will find detailed reports on other pages but figures do not give a complete picture. The intangible results have been an increase in the feeling of warmth and good will on the part of community organizations and individuals.

The display of interest from some of the townspeople somewhat influenced us to voluntarily reimburse the School District for our share in the cost of installing central heating in the Lower Town Hall. We thank Mr. John Bunten of the School Board for his helpful cooperation which has resulted in comfort and convenience for those who work, borrow books or browse in the library.

A high honor came to the PTA last September, when at the annual meeting of the New Hampshire Library Trustees Association, they were awarded a certificate of merit for "*influencing cooperation between the school and the library.*" This richly deserved award was the result of much hard work by a small but able committee headed by Phyllis Mooney. At the end of the school year Beverly Williamson took over the chairmanship for a short period and announced that a total of 3,891 books had been borrowed through this school program.

Community interest has also been reflected by the unsolicited support of the Book Club who offered help through their library project and we are grateful to Mrs. Reba Walker and committee for volunteering aid to the librarian. Members of the Community Club have also proved to be valuable friends of the library with their offers of gifts.

Resignations were regretfully accepted from librarian Sarah Hill and from trustee, Jean Hodgman. We are fortunate in having the vacancies filled by Muriel Sowle and Virginia Spofford.

We have tried to be alert to our responsibilities to furnish good library service to the *entire* community, whatever their ages or reading tastes might be. We also recognize the need for establishing a written policy which not only has given the library a

sense of direction but provides for continuity despite changes in personnel. The term "*policy*" need not sound formidable for we are aware of its necessary flexibility.

There are so many individuals who have thoughtfully helped the library that we cannot be very specific in our appreciation but shall try to acknowledge them in a general way . . . Gifts of money from friends and neighbors of Leon Tucker to purchase books in memory of his mother, Lucy Tucker . . . a most useful large revolving bookcase for the young borrowers which was given anonymously . . . a bulletin board . . . magazine subscription to *Readers Digest* and to *National Wildlife* . . . publications containing articles of lasting historical significance to remain in the library . . . a good variety of current magazines to be given away and books of current and lasting interest.

There has been established a John F. Kennedy fund, and small donations to it will be gladly accepted at any time by the treasurer of the board of trustees. To date the Book Club and the Community Club have made financial donations to it. As our late president was noted for his intellectualism and for being an avid reader a wide variety of appropriate books could be purchased to be inscribed in his memory.

In closing, we report there is still much to do toward our goal of interesting adult readers and we realize that people cannot be forced to read books but our hopes are, that those of you who do use the library will help us promote a desire to read and that this year more of our citizens will leave their homes on Tuesdays, between three and eight o'clock, to walk or ride to the Town Hall which houses our library and take advantage of our well balanced collection of books and reading matter.

REPORT OF DUNBARTON FINANCE COMMITTEE

The Dunbarton Finance Committee held six meetings with an average of eight members.

Meetings were held with representatives of the Library Committee, Police Department and the Fire Department. The Committee met with the School Board including all members, the Superintendent and his Assistant.

A meeting was held with the Selectmen pertaining to the Town Budget.

After reviewing the presentations of the various boards and the department representatives, the Finance Committee voted to make the following recommendations:

1. To approve the sum of \$500.00 for operation of the Library for the coming year.
2. To approve the sum of \$800.00 for operation of the Police Department.
3. To recommend the town vote the necessary funds to complete the new fire house during 1964, and further that the sums raised at the Town Meeting be appropriated to the Capital Reserve Fund for the new Fire House.
4. To recommend to the School Board to reduce their budget by \$1,136.46.

No recommendations were made pertaining to a new school, as the School Board was not prepared to provide any formal plans.

5. To the Board of Selectmen that their budget for 1964 was approved as presented. It was further recommended that they open the office of selectmen for one hour per month in the evening to permit the citizens of the town to confer with them without the necessity of losing time during the day from their regular duties.

The Committee expresses its appreciation for the cooperation it has received from the members of the boards, committees, and departments, with whom it has met during the past year.

REPORT OF POLICE DEPARTMENT

In 1963 the Police Officers have spent more hours in Department work than in the year of 1962. The mileage has also increased accordingly. They have patrolled highways, checked vacant houses and cottages, investigated accidents, removed victims to hospitals and doctors' offices, responded to calls for assistance of many kinds, assisted State Police and Police of neighboring towns, locked up intoxicated drivers, taken care of stray dogs, investigated cases of breaking, entering and larceny, and many other complaints made to them.

The Department has been paid for 324 hours of work and for 751 miles of car operation. I would like to state at this time that the total amount received by the Police Officers in time and mileage is probably less than sixty percent of the actual time and mileage that they have put in during 1963.

Due to mechanical failure and a delay in obtaining replacement parts, it has not been possible to use the Speed Timer as much this past year as in 1962. Use of the Timer was also impeded by more time being required in investigative work. We hope to be able to operate the Timer to a greater extent in 1964 and we believe that its continued use will result in greater safety on our highways. As in the past, we welcome requests for use of the equipment in any part of the Town and will make every effort to comply with such requests.

The cooperation of the public in reporting anything relative to Police work will be greatly appreciated by the Department.

In closing this report the Department would like to make the following suggestions for your protection:

1. Lock all doors and windows when leaving home, and if at night, leave a light on.
2. Make a list of all articles such as guns, chain saws, power tools, etc., and record the serial numbers of each.

THE DUNBARTON POLICE DEPARTMENT

Wilfred H. Marshall, *Chief*

REPORT OF THE DUNBARTON VOLUNTEER FIRE DEPT., Inc.

1963 has been an extremely busy year. Fires have been few in number which was very fortunate and assisted us in making headway on the new Fire Station. We took time for our annual chicken barbecue but canceled our bean supper.

Shortly after Town Meeting a contract was negotiated between the Selectmen, the Fire Department Building Committee and the Pierce Construction Co. of Stratham, N.H. This contract included cement footing and walls, erection of all structural steel, installation of the insulation and metal sheathing, plus a general cleanup of the site at completion of work. It also included 4 new windows and 1 small door plus all new fasteners for the sheathing.

This short paragraph sounds like they did everything but sign the checks. A great amount of effort went into preparation of the site and materials. The contractor was capable but extremely arrogant and difficult to deal with.

First of all the site was prepared for the walls and footings. Next, all the structural members were painted before being put in place. Possibly the greatest project before the building was re-erected was the assembling of all the components which we had stored at several places in town. This all had to be done prior to the contractor moving in.

After the contractor was finished, we had the overhead doors installed and then immediately started on the boiler room and the inside work. Presently, the boiler room is completed and the upstairs floor joists are in place.

The Town Forest Committee has donated enough lumber to finish the inside of the building. This has been removed to Goffstown for planing and returned and it is now stored in the Fire House.

We now have electricity and heat so we are set for a lot of work this winter.

Deputy Chief Sidney Flanders took over in March as I was requested to resign by my Doctor. The resignation was not accepted as offered but placed me on an inactive list until I could return.

Deputy Flanders was named as Acting Chief with all duties and responsibilities of Chief. He remained as Chief until October and deserves much credit for this year's progress. I would also like to express thanks to all others who are making this project a success.

Presently, we are awaiting the audible alarm system. Civil Defense Director, Arthur Powell, has completed the paper work which means that we will receive \$981.00 or 50% of the cost.

This has been a thumbnail report of the year's activities. Now I will make a brief report of two major problems with which we are faced:

1. We have our Fire House and I expect we can complete the inside without too much outside help except for the apparatus room floor. We are going to do the basement floor ourselves but we are requesting \$1,000.00 under an article in the Town Warrant to have the apparatus floor done.

2. We will need a new fire truck in the near future. Our present equipment consists of:

- 1 - 1954 Ford bought new in 1954.
10 years old now and in good condition.
- 1 - 1936 Ford bought used in 1938 or 39.
25 years old now and in poor condition.
- 1 - 1937 Chevrolet bought used in 1938 or 1939.
24 years old now and used only for miscellaneous purposes and forestry work.

There are very few of us, if any, who are driving vehicles 25 years old for our everyday business. It does seem a little foolish to rely on one to be used to protect lives and property.

To handle this problem we are requesting that a Trust Fund be established with thoughts of purchasing a new unit in 1965.

Presently you have a Fire Department to be proud of and the members wish to thank you for your cooperation and consideration.

Respectfully submitted.

CIVIL DEFENSE ANNUAL REPORT

1. The present organization was formed under the leadership of C. D. Director Arthur Powell on February 8, 1963. The balance of February and all of March were devoted to studying C.D. documents, reviewing our requirements, and developing a C.D. Plan for the town. The completed plan was forwarded to N.H.C.D. Headquarters and subsequently approved.
2. An article was inserted in the 1963 Town Warrant to raise \$250 to support the C.D. organization for the year.
3. On the recommendations of N.H. State C.D. Officials we set two immediate goals for 1963. The first goal was to establish a C.D. radio station and the second, to procure and install an alarm system capable of alerting the community in the event of a disaster. The radio station was established in April and has regularly participated in weekly scheduled Merrimack County C.D. Nets. The station and accessories was purchased on a matching-fund basis at a cost of \$202.23. The alarm system has been ordered and as of the close of the year is in the final stages of being purchased, also under matching funds.
4. The organization has been without a headquarters for the entire year but will occupy a portion of the new fire house upon completion of same.
5. The organization has made considerable progress during 1963 and I look forward to an even more progressive 1964. In closing, I would like to express my appreciation to all who participated, both members and non-members, for their time, cooperation, and efforts.

REPORT OF SUPERINTENDENT OF SCHOOLS*To the School Board and Citizens of Dunbarton:-*

I herewith submit my annual report relating to the Center School. In September, 1963, the Dunbarton Center School opened with an enrollment of 96, including the lower town hall classroom.

Grade 1	19	Grade 5	7
Grade 2	22	Grade 6	9
Grade 3	10	Grade 7	9
Grade 4	11	Grade 8	9

Mr. Giles Day, Principal, is teaching grades 6, 7, and 8 with 27 students.

Mrs. Julia Anderson teaches grade 1 with 19 students.

Mrs. Barbara Hunter teaches grade 2 in the lower town hall classroom with 22 students.

Mr. Robert Deslisle teaches grades 3, 4 and 5 with a total of 28.

The educational opportunity for the pupils in the first and second grades of Dunbarton was enhanced immeasurably in the 1962-63 school year by the introduction of a single grade classroom for grades one and two. This was made feasible by the additional classroom in the lower town hall which houses grade two. The Center School houses grade one, a combined grades 3, 4 and 5 and a combined grades 6, 7 and 8.

A sum of \$11,500 was appropriated at the March, 1962, Dunbarton School District Meeting for the transportation and tuition of the grade 7 and 8 pupils to a nearby community. The effort to find a suitable tuition arrangement was futile. There was no school in the immediate area which could accept the Dunbarton seventh and eighth grade pupils on a tuition basis. There was no alternative for the Dunbarton School Board other than to seek a suitable solution within the community. After an evaluation of the problem, it was decided to renovate the lower town hall to serve as a temporary facility.

To comply with a suggestion of the New Hampshire Tax Commission, the following breakdown of the cost of the renovation expenses, teacher's salary, and other related expenses for the lower town hall classroom is included in the Superintendent's Report:

Item	Description	Expenses to Date	Anticipated Expense	Total

INCOME:

From Library for furnace	\$175.00	
From Town for wiring	100.00	
From Town for heat	100.00	
Total Income		\$ 375.00
Total Cost to School District		\$7,656.29

The Town of Dunbarton has paid for crash bars and work in the stairway, costing \$288.53.

The balance of the \$11,500 appropriation will be returned to the town for the purpose of reduction of taxes in the 1964 fiscal year.

OUR AMERICAN DUTY

We must develop to the limit of its potential the greatest resource in our community, the individual pupils in our schools. Our investment in the education of our youth pays dividends for the lifetime of our future citizens. Each dollar that is reasonably spent in developing an individual who can readily meet and adjust to the ever changing demands of the democratic society is also insurance for the perpetuation of our American way of life. It has been stated that an informed people may well prove to be freedom's best defenders.

It is only as we continually evaluate our educational offerings to the youth of Dunbarton in terms of physical plant, curriculum, staff, and the end results obtained that we can make wise decisions to assure excellence within the present system or adopt changes to obtain improvement both immediate and long range.

I wish to congratulate the citizens of Dunbarton for the keen interest shown in educational matters, not only from the standpoint of the tax dollar, but the sincere concern for making a good educational climate possible for each boy and girl in Dunbarton.

I trust that the joint efforts of the School Board, the Superintendent, the Teachers, and the Citizens in behalf of the educational welfare of the youth of Dunbarton will maintain and improve the quality of education in Dunbarton.

Respectfully submitted

Ernest Peltonen
Superintendent of Schools
